

### Product Group MFJ

Machine feet made of stainless steel with fixing holes, optional with antislip pad

#### Material

- Base body: AISI 304 (A2)
- Rubber: NBR 72 Shore

#### Product information

- The solid stainless steel design makes the foot highly resilient. The rounded shape makes cleaning easier.
- The machine foot has two fixing holes
- The load capacity of the screw (buckling length!) may be less than indicated in the table.
- The base is optionally available with a non-slip rubber plate that is firmly bonded to the stainless steel plate.
- Please order separately (MFJxG, x = D)!
