

Product Group GFS

Rubber feet with stainless steel thread

Standard Colours

- white

Material

- Thread: AISI 304 (A2)
- Rubber: NBR 72 Shore

Product information

- The rubber base has a robust and hygienic construction and is ideal for smaller devices that have to be moved frequently.
- The stainless steel threaded bolt is molded into a white rubber that meets the USDA standard for rubber products.
- The load capacity of the screw (buckling length!) may be less than indicated in the table.
- *) = The rubber foot "GFSB" can be fixed to the floor.
