

### Product Group VG

Threaded plugs made of PA for square tubes with injected plastic thread

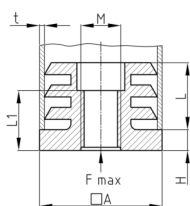

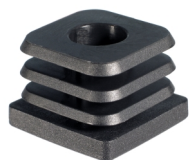

#### Standard Colours

- black RAL 9005

#### Material

- Polyamide (PA)

#### Product information

- The plugs are intended for use in pipes or equivalent bores with free passage corresponding to the clear nominal width of at least shaft length.
- For technical production reasons, a residual sprue may exceed the shaft length.
- Please note in the article category "Connecting elements" our pipe connection groups RVB 90 and RVB 180.
